About Me

Hello! I'm Eashaan Thakur, a passionate web developer currently pursuing a dual degree in Computer Science and Linguistics at IIIT Hyderabad. My journey in web development began in 2019, and since then, I've been dedicated to creating innovative and user-friendly websites. I believe that creativity is paramount in web development, and I strive to bring unique ideas to life through my projects.

Education

- **Amrita Vidyalayam**
Completed schooling with a strong academic foundation.
 - **FIITJEE**
Prepared for the JEE examination, developing a disciplined approach to problem-solving.
 - **IIIT Hyderabad**
Currently pursuing a Dual Degree in Computer Science and Linguistics (CLD program).
-

Experience

- **Freelance Web Developer**
May 2024 – Present
Developed a dynamic events hosting page for KRITI, Kakatiya Medical College, using Next.js, Sanity CMS, payment gateway integration, and user database management.
-

Projects

- **KRITI Website**
Developed for the Kakatiya Research Initiative for Transformative Innovations.
 - **SiiS Website**
Created a static website for an IT solutions provider using Tailwind CSS.
 - **Brilliance App**
An app designed for students to track their academic progress and compare it with peers.
-
